❖❖ MEDICINE DISPENSATION FORM ❖❖

All medications, including non-prescription drugs, i.e. Tylenol, Motrin, Benadryl, etc. will not be administered during school hours unless your child's physician has prescribed it and the following form has been completed.

Parents are responsible for the delivery of medication to the school. Medication should not be sent with the student. Medication must be brought in the original bottle with the student's name attached. Medication should be given to the school nurse or other appropriate school personnel.

It is the parent's responsibility to ensure that the licensed prescriber's order, written request and medication are brought to the school. At the end of the school year, or the end of the treatment regime, the student's parent(s) or guardian will be responsible for removing from the school any unused medication. If the parent does not pick up the medication within 2 weeks of the last day of attendance, it will be disposed of.

If you have any questions regarding this policy, please consult your building principal or nurse.
